PROJECTS

AC fridge Repairing and Services

<https://ashh-khan.github.io/AC-and-Fridge-Showroom/>

A static AC & fridge Repairing website It is totally Responsive. in this website I Use HTML (for structure of the web page) and also use CSS (for designing of the web page) also I use a BOOTSTRAP framework and in contact section i use a formsubmit for submit of our contact and also connected to the people on Email.

A Static Car website

<https://github.com/Ashh-khan/the-car-showroom>

A static CAR website . in this website I Use HTML (for structure of the web page) and also use CSS (for designing of the web page) in this project we use a animated slides. and also use a keyframe in css which is totally expensive.

My-Portfolio

<https://ashh-khan.github.io/My-Portfolio/>

This portfolio project is totally based on HTML, CSS, Bootstrap, Javascript . And we use all latest version of HTML, CSS ,BOOTSTRAP and in contact section i use a formsubmit for submit of our contact and also connected to the people on Email.

Portfolio React

<https://ashh-khan.github.io/react.js-website/>

This portfolio project is totally based on Reactjs in this project we use React Router Dom library for switching a page also use HTML, CSS ,BOOTSTRAP, use state . this portfolio is totally responsive .A contact section we use Emailjs for sending a Emails . also declare about ,contact, service sections etc
